What accomplishments/progress has your Affiliate made in the past year? (Consider member resources, awards and recognition, public affairs, etc.)

This year, the Oregon affiliate went through a thorough bylaw review and update. The updated bylaws were approved by the association at our May meeting. Through this process we were able to update language for appropriateness and consistency throughout the document. This also provided a time to evaluate what was in the bylaws and how things were being done. We had great conversations about how and why it should be a certain way. The bylaws had not had a complete update since 2012 just addendums and small changes.

What are your Affiliate's goals for the next 12 months?

To work to recruit new members and help support more Oregon affiliate members attending conferences, especially NEAFCS. We plan to do this through providing a first timers scholarship for up to 3 individuals and supporting members in awards and presentation proposals. We are working to promote the benefits of being part of the Oregon affiliate.

What challenges do Cooperative Extension and/or Family & Consumer Sciences face in your state?

Not having enough time for in-person meetings. We would like to advocate for more time at our state conferences.

To assist NEAFCS in future planning and communication, please list concerns your Affiliate has for the NEAFCS Board to address:
